

# Get Ahead Client Production, Collection & Profit Margin Growth 2021-2024

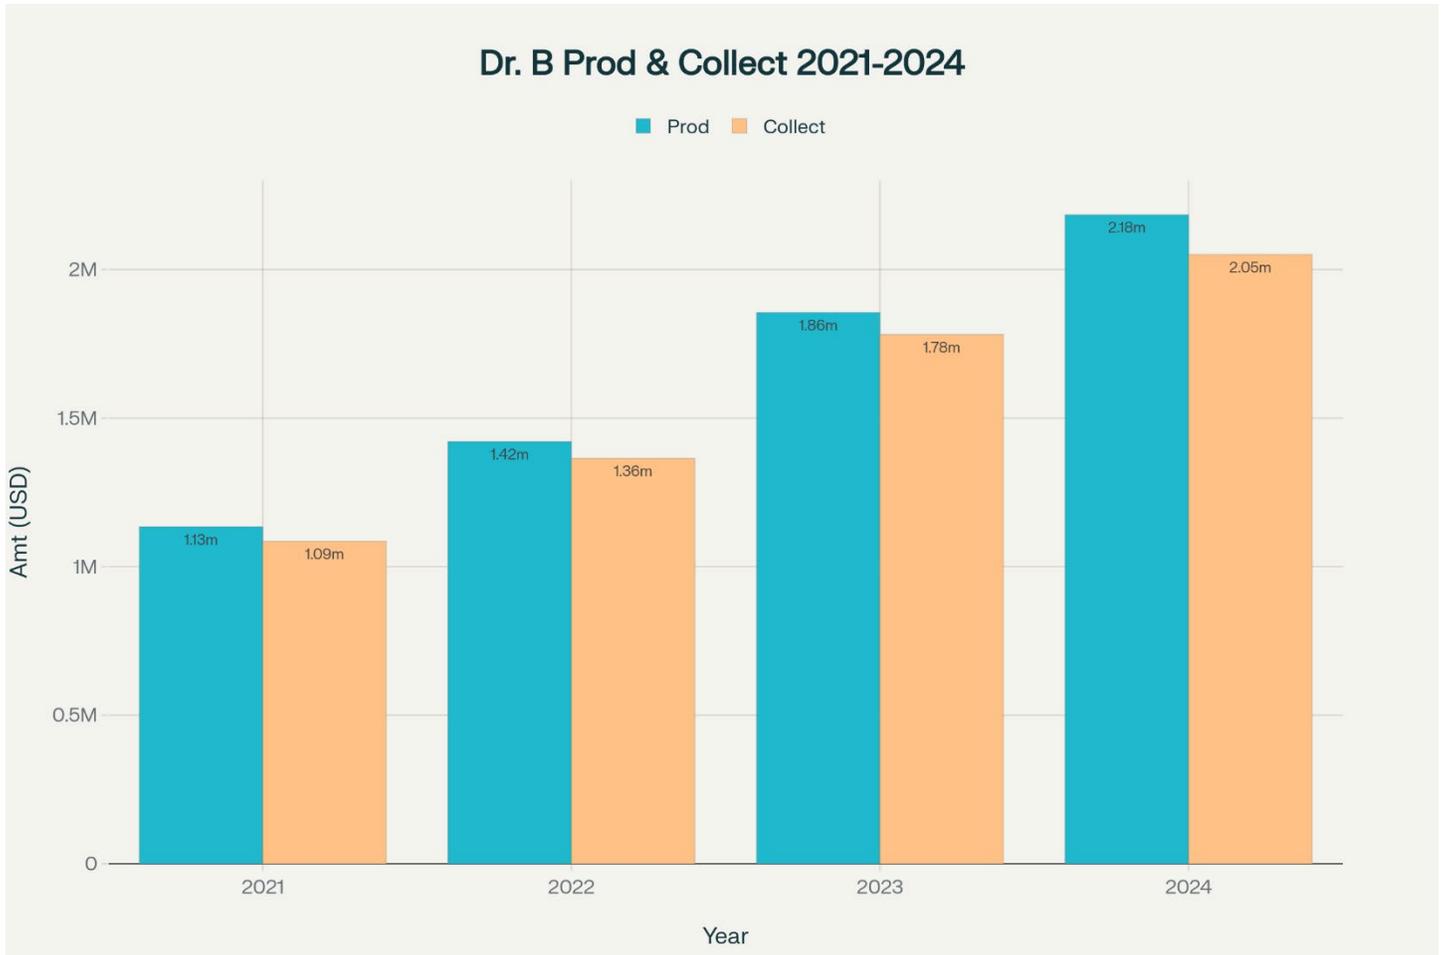

## Dr. A's Annual Production and Collections from 2021-2024.

- **Consistent Growth:** Both Production and Collections increased every year, with the most substantial jump occurring between 2022 and 2023.
- **Close Tracking:** Collections closely follow Production, indicating strong revenue capture efficiency.
- **Yearly Performance:**
  - **2021:** Production \$1,320,432 | Collections \$1,282,783
  - **2022:** Production \$1,365,488 | Collections \$1,424,704
  - **2023:** Production \$1,836,408 | Collections \$1,652,767
  - **2024:** Production \$1,993,933 | Collections \$1,794,540

# Dr. B's Annual Production and Collections from 2021-2024.

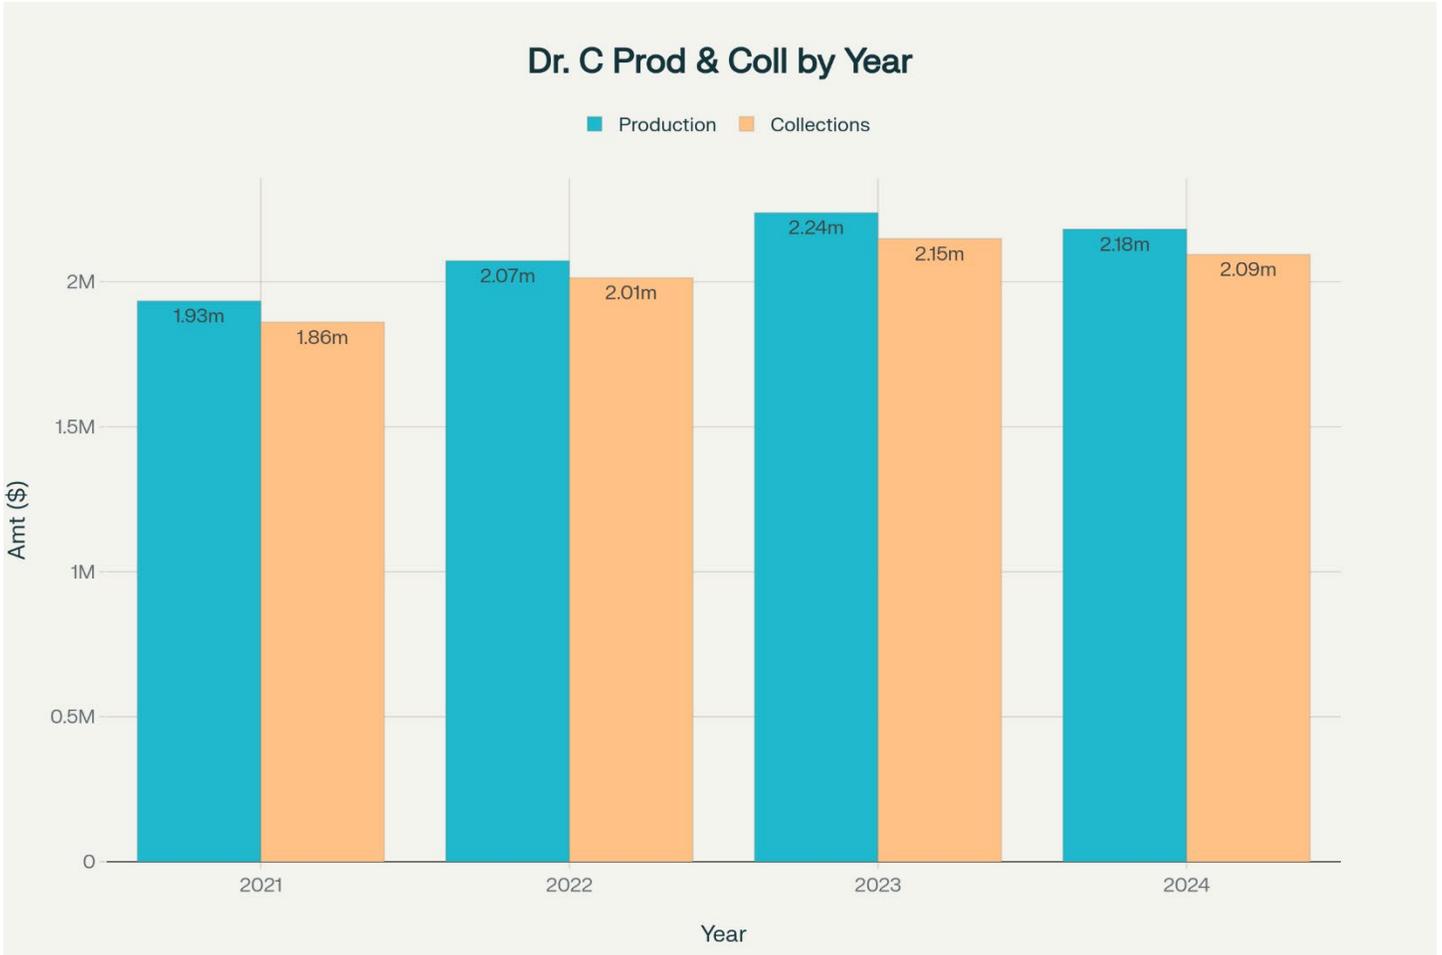

\*Added PT Associate Dr. in 2023

- **Consistent Growth:** Both Production and Collections increased each year, with the most substantial jump occurring between 2022 and 2023.
- **Close Tracking:** Collections closely follow Production, indicating efficient revenue capture.
- **Yearly Performance:**
  - **2021:** Production \$1,134,101 | Collections \$1,085,737
  - **2022:** Production \$1,421,281 | Collections \$1,364,430
  - **2023:** Production \$1,855,656 | Collections \$1,781,430
  - **2024:** Production \$2,184,732 | Collections \$2,050,870

## Dr. C's Annual Production and Collections from 2021-2024.

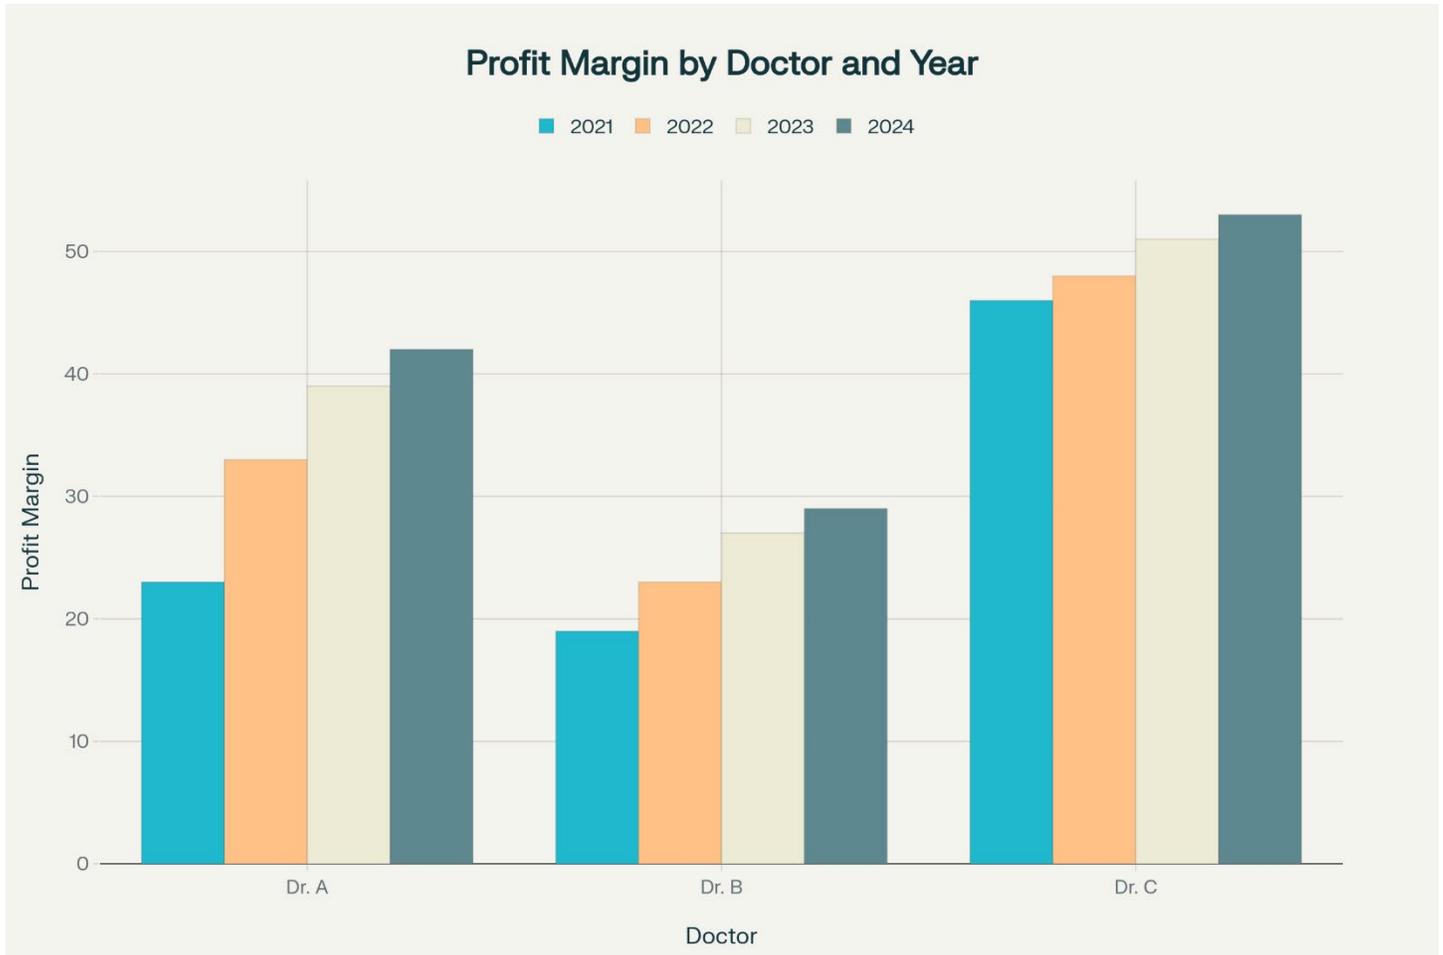

\*Went from 2 FT Drs. in 2023 to 1 FT Dr. in 2024.

- **Consistent High Performance:** Dr. C maintained the highest production and collections among the doctors each year.
- **Growth Trend:** Both Production and Collections increased from 2021 to 2023, with a slight dip in 2024, reflecting the operational change noted below.
- **\*Operational Note (2024):** In 2024, Dr. C's practice transitioned from two full-time doctors to one, which explains the modest decrease in both metrics.

## Profit Margin % Growth for Dr. A, Dr. B, and Dr. C from 2021–2024.

Profit Margin (%) Values by Doctor and Year (2021-2024)

### Key Points

- **Dr. C** consistently holds the highest profit margin numbers, with steady increases each year.
- **Dr. A** and **Dr. B** both show consistent growth in profit margin values over the four-year period.
